## CONNECTING STUDENTS TO HANDS ON LEARNING

MURACE, or Mentored Undergraduate Research and Creative Endeavors, is a program which helps undergraduate students at Georgia College & State University with their research through funding and mentoring.

From tracking timber rattlesnake movements to land and wildfire management, our research opportunities connect you with the real world.

### GET STARTED

A good place to begin with your MURACE experience is to come to a Student Research Circle meeting! Here you can chat with other students monthly in a casual setting led by students experienced in research.

LEARN MORE ABOUT UNDERGRADUATE RESEARCH

### FUND YOUR RESEARCH

Undergraduates researching through MURACE can apply to receive up to \$500 to go towards travel costs in order to attend conferences around the country.
